Subject: 2020 Roadway Improvement Program Bids

Attached is the bid tab that summarizes the bids the Department of Public Service received for the 2020 Roadway Improvement Program on February 20, 2020. The Department of Public Service recommends awarding Project #1, Project #1 Alternate A, and Project #2 to Helms & Sons Excavating, Inc of 1753 Lima Avenue, Findlay, Ohio 45840. Helms & Sons had an error in their unit prices and withdrew their bid for Project #3. They are honoring the unit prices for Projects #1 and #2, per the attached letter. The Department of Public Service checked their references with the City of Findlay, Henry County, City of Tiffin, and City of Sylvania and believe that Helms & Sons is qualified to complete this work.

The Department of Public Service recommends awarding Project #3, Project #4, Project #5, and Project #5 Alternate A to Henry W. Bergman, Inc of 218 E. 9th Street, Genoa, Ohio 43430. Henry W. Bergman, Inc was the lowest and best bidder for these projects.

The total contract amount for the road program projects (Projects #1-#3) is $919,562.20. The budgeted amount was $1,000,000. Projects #4 and #5 were budgeted for separately.

If you have any questions, comments, or suggestions please feel free to notify the Department of Public Service as soon as possible.

Re: Oregon 2020 Road Program Bid

Paul,

On 2/20/2020, Helms and Sons Excavating, Inc. was read low during the bid opening for Oregon 2020 Roadway Improvement projects 1,2, and 3. After submitting the bid, it came to our attention that the unit pricing for the Bituminous Aggregate Base Spot Repair was incorrectly filled out on the bid form.

Upon further review, and discussions with representatives from the City of Oregon, we regret to inform you that we must withdraw our bid for Project 3, due to the amount of base repair required to complete the project versus all other work required. We are willing to proceed with Projects 1 and 2, and will honor the unit pricing for the Bituminous Aggregate Base Spot Repair that was submitted on our bid forms.

We also acknowledge that we cannot use a change order procedure for additional work performed on the project if the work is similar compared to any item that we have already established a unit price for, including the Bituminous Aggregate Base Spot Repairs.

It has also come to my attention that you are concerned with our ability to pave roadways that are flatter and have less drainage. Our asphalt supervisor has over 30 years of experience, and has been with our company for 10 years. We recommend that you contact some of our most recent references in the Village of Ottawa Hills and at the City of Sylvania. We also perform several paving projects every year for Hancock County and the City of Findlay, in which almost all the roads are flat and have poor drainage.

Please feel free to reach out to us if you need anymore references. You can also contact Shane Helms personally at 419-348-5472, and myself at 937-776-1349.

Sincerely,

Nick Szymczak
Estimator/Project Manager
