Subject: Project Award Recommendation

Project: 2020 Sidewalk Program and Miscellaneous Concrete Work

On Tuesday, November 10, 2020 a total of five bids were received by the Department of Public Service for the 2020 Sidewalk Program and Miscellaneous Concrete Work. (See attached Proposal Tabulation). Smith Paving & Excavating, Inc., 4426 N. Old State Road, Norwalk, Ohio 44857 submitted the lowest and best bid of $88,659.50 for the project.

Based on the review of the bids and the city's past experience with Smith Paving & Excavating, Inc. on various sidewalk projects, it is recommended that the project be awarded to them in amount of $88,659.50.

The 2020 Sidewalk Program and Miscellaneous Concrete Work is broken into two general work areas: Euclid Park Subdivision and Oregon Wastewater Treatment Plant.

The first work area is the Euclid Park Subdivision. The work in that area will consist of sidewalk installation, sidewalk replacement and ADA curb ramp replacement. The installation of sidewalk will occur at the west end of Eastmoreland Boulevard which will connect the existing sidewalk to the newly constructed path at the Urban Runoff Capture project. The sidewalk replacement consists of replacing sidewalk sections deficient due to city infrastructure or trees within the city's right-of-way. Attached is a list of work locations and project location map. The ADA curb ramp replacement will occur at intersections with Eastvale Avenue within the Euclid Park Subdivision. This replacement is necessary to comply with the current ADA curb ramps specifications. This portion of the work is $59,304.50 and was budgeted under 260.1500.57732.

The second work area is at the Wastewater Treatment Plant. The work at the plant involves the replacement of sidewalk due to safety concerns with cracked and settled sidewalk sections. This portion of the work is $29,355.00 and was budgeted under 630.3151.57722.

Should you have any questions concerning this project please feel free to contact the Department of Public Service to discuss further.
