

NATURALLY OREGON

Saturday, May 14th 2022

9am – 1pm

655 South Coy Road – Oregon Ohio

Give ‘N Take Plant Exchange Details:

Participants are invited to bring extra plants they’ve divided from their spring yard work and trade for what others bring. At plant drop off, participants will get tickets that can be redeemed for plants to take home.

9:00-10:00

Plant Drop Off

- Bring plants in pots, boxes, bags, whatever will hold them!
- Label with name - No need to be fancy – you can include helpful info like: where did it grow best on your property, is it invasive, anything someone should know for planting sun/shade/water needs etc
- Drop off areas will be designated with signage and volunteers will be available to assist you with your donations.
- A volunteer will review your plant donation and issue a voucher counting each plant you bring
- Park in the designated lot and head over to the ECO FAIR for all the fun!

10:00—11:00 **Plant Exchange**

- Return to the Plant Exchange area at 10am to wait for your group number to be called. Exchange participants will be admitted into the exchange shopping area in groups. Select plants you’d like to take home, we suggest bringing a buggy, cart, or a friend to help!
- Carry plants to your car OR snag a volunteer to help. They can arrange for you to bring your vehicle to the pick up site to help with loading.
- Stay awhile, enjoy the event! Get those spring flowers for your garden!

From 9am until the market concludes at 1pm, attendees are encouraged to visit our eco-fair and shop among the various vendors, greenhouses, and educational booths.

More information will be posted as we confirm participation.
