UPCOMING EVENTS AND TRAINING

Fire prevention week Oct 9-17. We will be visible throughout our schools and community delivering the messages of fire safety and prevention.

FROM THE CHIEFS DESK:

OFRD welcomes and congratulates the new City Administrator Joel Mazur. Also congratulations to Nick Roman who was appointed as Interim Finance Director. Good luck, we look forward to working with you both!

At the completion of the new station we will have a dedication on a Sunday afternoon in November, details will be finalized soon. Exciting times!

OPEN/ACTION ITEMS: Yearly turnout gear inspection and professional cleaning is ongoing. We send 10 sets out per period which is 2 weeks. Some gear sent out on the last round has been returned completed but the name on the bag is the name that the gear was originally assigned to as that is what is listed on the inside tag. If you have gear assigned that was not originally purchased for you and you sent it out 2 weeks ago please check the returned gear to see if yours is there.

MONTHLY TRAINING MINUTE:

There is growing concern about behavioral health issues and the significant impact on wellness. The stresses faced by fire fighters, paramedics and EMTs throughout the course of their careers – incidents involving children, violence, inherent dangers of firefighting and family stresses, to name a few, can have a cumulative impact on mental health and well-being. If you feel stress, help is available call our EAP **StressCare 419-531-3500** or **IAFF Suicide Prevention Lifeline 1-800-273-TALK (8255)**, these are free and confidential. Take care of yourself, your family needs you, we need you and we all care about you!
