

OREGON FIRE & RESCUE NEWSLETTER

November 2, 2022

NEW STATION 41 UPDATES

Sept. 2022 Run Totals

	Month	YTD
FIRE-	17	125
EMS-	265	2755
ASSISTS	47	470
FALSE	33	227
TOTAL-	362	3577
GENERAL ALARM	19	170

UPDATES: The furniture is delivered and is being set and all of the finishing touches are underway. We have a temporary occupancy permit and the punch list is ongoing. We anxiously await moving in but we cannot until we have internet service and related IT services all of which are in progress.

UPCOMING EVENTS AND TRAINING

- Nov. 11 Veteran's Day 
- Nov. 13 Sta. 41 Dedication and Open House
1:00 pm -4:30 pm
- Nov. 24 Thanksgiving 
- Nov. 25 City Holiday

OPEN/ACTION ITEMS: Due to some supply chain issues we will not be installing an emergency generator for some time. We will continue on the temporary occupancy until the generator arrives.

Some other various items have yet to arrive and will be installed when they do.

FROM THE CHIEFS DESK: This is the final newsletter that I will write. Although not always easy I have enjoyed my time here and am happy with the progress that has been made. We have a ways to go but we are on the right track. Many people have asked me what is next. I was elected as an Allen Twp. trustee this year so I will be keeping my fingers in public service with that. My wife and I plan to travel some and spoil our 6 grandchildren to excess. Overall our plan is to "be retired". I wish OFRD and the city of Oregon the very best and will sign off with a big THANK YOU!

ANNOUNCEMENT

Clayton O'Brien has been named as the new chief of OFRD, his starting date will be Monday November 28, 2022. Chief O'Brien recently served as fire chief in the city of Napoleon and is an extremely energetic and passionate leader. We offer our support and commitment to Chief O'Brien and wish him the best of luck in his new role.

SPECIAL THANKS!

Tracy Hahn from Midwest Contracting was the job superintendent for our project. His hobby is woodworking and he made and donated this clock to us. It is made from an African hardwood called Wenge and it required no finish stain or seal. Tracy meticulously hand carved all of the logo and numbers and then painted the face by hand. It is a great honor to display this one of a kind piece and we are forever grateful to Tracy for this prized memento of his unbelievable skills. Thanks Tracy!
